COUNCIL ORDERS BIDS FOR JUNE 6

Will be Determined at That Time
Whether Streets Are Oiled and
Third Street is Paved

TWO REMONSTRANCES UPHELD

Dan Spivey Appointed Sanitary In-
spector to See That Clean-up
Orders Are Followed

COUNCIL IN BRIEF
Dan Spivey appointed san-
itary inspector to follow up
the work of clean-up week.
Two oiling remonstrances
sustained and one left with
street committee. Bids for oil
will be received at special ses-
sion June 6.
No remonstrances on paving
of Third street. Bids order-
ed advertised for June 6.
Gas franchise granted J.
Harvey Snyder, for the opera-
tion of his one gas well in
West First street.
Chief of police given increase
in pay of \$5 a month, making
new salary \$75 a month.

Bids for oiling the street will be
received by the city council on June
6 at a special session. But three
remonstrances were presented to
the council last night, two of these be-
ing sustained and the third being
left with the street committee. The
council intends to oil if at all pos-
sible. Present indications are that
the price of oil will be so high that
the council will find it inadvisable to
oil.

The first remonstrance on the
oiling came from the resident prop-
erty owners of George street, a
street of about two blocks in length.
The remonstrance contained the
name of every resident property
owner on the street and the council
granted the remonstrance.

The second remonstrance at-
tempted to cover from Main street
east to Sixth street on Seventh
street. There were a total of fif-
teen signers, but there was not a
single signer living in the block be-
tween Main and Perkins street. The
council believed that these residents
wanted oil or they would have signed
the remonstrance. The remon-
strance was left with the street
committee. The committee has the
power either to order the street oiled
or sustain the remonstrance.

The third remonstrance was for
Willow street. The council granted
it but at the same time resented the
wording of the remonstrance. The
remonstrance declared it was, "un-
lawful, unjust and unfair" to oil the
streets under the proposed method
and the council looked upon the pa-
per as an insult. "Sounds like we
are jail birds," said Councilman
Seudder.

Last night was also the time set
for hearing remonstrances on the
proposed paving of Third street, but
none was presented to the council.
Bids were ordered advertised for
June 6.

In order to follow up the work of

"Stop Thief"

One of the most important
commodities in the world is
TIME.

To waste time is to neglect
opportunity. One of the great-
est time savers in the world is the
advertising in the daily news-
paper.

It puts the world's work be-
fore you at a glance and makes
it possible for you to decide your
problems without wasting hours
in looking around.

It is the short cut to supplying
your wants.

The advertising is everlasting-
ly crying out to the time wasters
the warning "STOP THIEF."

RED CROSS WORK VERY GRATIFYING

Completion of Organization of
Rushville Chapter Prepares Way
for Membership Campaign

MEETING ON TUESDAY NIGHT

Carthage, Which is Next After
Rushville in Point of Member-
ship, To Hold Meeting Sunday

Interest in Red Cross organiza-
tion is increasing daily. The com-
pletion of the Rushville chapter, and
the organization of auxiliary socie-
ties in various towns and communi-
ties in the county, has resulted in
an enrollment of about one thous-
and members in Rush county. Con-
sidering the fact that no systematic,
or aggressive campaign for mem-
bership has been made, and that the
membership so far is largely vol-
untary, the result is very gratifying.

Details for the first general meet-
ing in the aggressive campaign plan-
ned by the committee on member-
ship in the Rushville chapter, are
being made for next Tuesday even-
ing, when a mass meeting will be
held in the Graham Annex. The
speaker on that occasion will be the
Rev. Father Francis H. Gavisk, of
St. John's church, Indianapolis.
Father Gavisk is one of the most
eloquent pulpit orators in the state,
and his connection with, and experi-
ence in the work of charitable and
philanthropic societies, qualifies him
to speak as an authority on the Red
Cross, and its importance as a fac-
tor in the campaign for prepared-
ness, and its great value as a war
auxiliary.

Since the declaration of war
Father Gavisk has delivered a series
of addresses on the importance of
the work, the general plans and
scope of Red Cross activities, espe-
cially as they relate to the war. He
will bring an interesting and in-
structive message to the people of
Rush county, and everyone interest-
ed in the organization, or in the
serious questions at issue, should
avail themselves of this opportunity
of hearing an intelligent, eloquent
and instructive discussion of the
subject. The program for the
meeting will be announced later.

Next to the Rushville chapter,
Carthage has secured the largest
membership of any of the Red Cross
societies in the county, over two
hundred members having been en-
rolled there at the beginning of
this week.

A meeting will be held in the
Friends Church at Carthage on
Sunday afternoon at 2:30 o'clock,
for the purpose of arousing interest
in the membership campaign.

The meeting will be addressed by
Robert E. Mansfield, and Ernest B.
Thomas of this city. Arrangements
are being made to secure a large at-
tendance, and a material increase in
the membership of the society is ex-
pected as a result of this meeting.

The membership committee of the
Rushville chapter has been made
large for the reason that it is the
intention to make an aggressive
campaign for membership, not only
in Rushville, but throughout the
county. The large number of mem-
bers named on this committee made
it impractical for the chairman of
the chapter to see each one per-
sonally to secure consent to serve
before announcing the list, but it is
presumed that no one will decline to
aid in a work so philanthropic in
character as the Red Cross. Some
of the members of this committee
are not yet enrolled as members of
the society, but that formality can,
and should be attended to imme-
diately.

The Board of Directors of the
Rushville chapter, includes at least
one member from each township,
and it is planned to have a sub-or-
ganization in each township and
community in the county, which will
co-operate with, and work through

COMMITTEE MAPS OUT PROGRAM OF ACTION

City Organization of Larger Crops
Movement Wants Lots Donated
For Gardens

ALSO READY TO RECEIVE SEED

The city committee of the larger
food crops organization of the coun-
ty held a meeting last night and de-
termined on a course of action de-
signed to get more vacant ground in
Rushville under cultivation and to
give everyone who had land or seed
they would donate the opportunity
of giving it for the benefit of peo-
ple without a chance to have a gar-
den at home.

The committee is composed of
Mrs. A. L. Stewart, John D. Megee
and L. B. Miller. It was announced
today that it is the wish of the
committee that any person or per-
sons with a city lot, part of a lot
or lots willing to donate the use of
the lot for the benefit of the move-
ment should notify any member of
the committee at once.

A chance is also given anyone
who has interest enough in the pro-
ject to donate seed sweet corn, po-
tatoes or beans. It is pointed out
that there are many persons in the
city who are willing to put out a
garden but have not either the land
or the money to invest in seed. Seed
to be donated may be left at Megee
and Ross' law office in the Miller
building in East Second street.

RETIRED BLACKSMITH OF FAIRVIEW EXPIRES

William Higley, Age 83, Who Was
Born in West Baden, Germany,
Dies of Paralysis

FUNERAL FRIDAY AT 2 P. M.

William Higley, 83 years old, a re-
tired blacksmith of Fairview, died
this morning at his home there fol-
lowing an illness from paralysis. He
was born in West Baden, Germany,
in 1834 and came to this country
at an early age. He located in
Fairview in 1872 and until a few
years ago had been engaged in the
blacksmith business there.

Mr. Higley is survived by two
sons, John Higley of Fairview and
Charles Higley of Newcastle, and
four daughters, the Misses Sallie
and Lennie Higley of Fairview and
Mrs. Elmer Thomas and Mrs. Frank
Huddleson of near Mays. He is also
survived by two brothers, John and
Charles and two sisters, Mrs. Louise
Leffingwell and Mrs. Catherine
Wissler, all of Chillicothe, Ohio.

The funeral services will be con-
ducted Friday afternoon at two
o'clock in the Fairview church and
burial will take place in the church
cemetery.

U. S. DESTROYERS AT FRONT

British Announce Flotilla is Some-
where in European Waters

London, May 16.—An American
torpedo destroyer flotilla is now "at
the front" somewhere in European
waters, the British admiralty offi-
cially announced today.

"A United States destroyer flotilla
has arrived to co-operate with our
naval forces," the admiralty state-
ment declared.

"Rear Admiral Sims will com-
mand all naval forces in European
waters."

RESIGNS FROM CONGRESS

Washington, May 16.—Represent-
ative Gardner, Massachusetts,
prominent preparedness advocate, is
the first member of congress to offer
his services to the United States as
a soldier. His resignation was an-
nounced today. Gardner is a mem-
ber of the officers reserve corps.

MAYOR QUALIFIES AS A PROGNOSTICATOR

Sets Clean-Up Week When Moon
"Changes" And Now is a Firm
Believer in The "Signs."

FOR PREDICTIONS, SEE MAYOR

Mayor C. L. Lebout has qualifed
as a weather prognosticator; there
remains no doubt about it now.
Since three days of clean-up week
have elapsed and the sun has shown
brightly every day, little doubt re-
mains but that he holds the cham-
pionship for weather predicting.

Several weeks ago the city coun-
cil approved the annual clean-up
week and left details to the mayor.
They told him he could fix the date
any time he pleased. The mayor
said that he was going to get a
week with a little decent weather in
it if such a thing were possible. In
past years it has always been Rush-
ville's misfortune to get a week that
was decidedly unfavorable to clean-
ing. The mayor waited, watched the
"signs" and decided last Friday
that this would be clean-up week.
Know why? It was because the
moon "changed" Sunday. Now the
mayor believes in "signs" as he
never did before.

The result is Rushville is getting
a thorough cleaning this week.
Three city wagons are driving up
and down the allies and they are
finding plenty of trash to haul away.
The street-cleaning force is helping.

ROLAND-EWING CASE WAS COMPROMISED

Suit Involving Man and Woman of
Near Carthage Occupies The
Attention of the Court

JURY CASE FOR TOMORROW

The case of Emma Roland against
Rue Ewing, accusing him of being
the father of her child, was com-
promised shortly after noon today,
the plaintiff receiving the sum of
\$500. Both parties reside near
Carthage, Miss Roland living in
Hancock county and Ewing in this
county. Many farmers were ex-
cused from jury service by Judge
Sparks. The plaintiff was represent-
ed by Prosecuting Attorney Stevens,
Douglas Morris and W. E. Bussell of
Greenfield, and the defendant by
Kiplinger and Smith and Newby and
Newby of Knightstown.

The jury will report tomorrow
when the suit of the Ingersol-Rand
Company against the Greely Stone
company will open. The jury which
heard the case today was composed
of the following men: William De-
Moss, Thomas F. Power, Samuel
Overleese, James P. Archey, John
C. Benning, William A. Caldwell,
Samuel H. Young, R. F. Seudder,
Frank Abercrombie, El Jones, Har-
vey M. Cowing and Warren P. Elder.

FOR SAFE AND SANE FOURTH

State Officials Start Movement Al-
ready in Vogue Here

(By United Press.)

Indianapolis, Ind., May 16.—Gov-
ernor Goodrich and Fire Marshal
Friedley started a movement today
for a "safe and sane" Fourth of
July in Indiana.

The "safe and sane" idea hit
Rushville several years ago. There
is an ordinance forbidding the sale
of fireworks of any kind within the
city and providing a heavy penalty
for the sale or even storage of
fireworks.

The children's parts for the Little
Flatrock Sunday school's children
day exercises will be ready for dis-
tribution Friday evening at 7:45
o'clock at the church.

GRAND JURY HITS BASEBALL LOTTERY

John Walker is Indicted for Operat-
ing One and is Released Un-
der a Bond of \$50

OTHER INDICTMENT UNSERVED

Indictment is Based on Alleged Sale
of Lottery Ticket—Walker
Says He's Guiltless

The baseball lottery, an annual
pastime making its advent almost
regularly with the coming of the
baseball season, was struck a blow
by the grand jury, which returned
an indictment against John Walker,
of the Walker and Hosier pool room,
charging him with operating a lot-
tery.

Walker was arrested today, thus
accounting for one of the two in-
dictments returned by the grand
jury. No arrest has yet been made
from the other indictment. He was
released under \$50 bond. The in-
dictment describes fully the alleged
lottery, declaring that chances were
sold and the sum of \$50 paid to the
winner having the largest number of
runs for two teams in the so-called
major leagues.

Mr. Walker says he is absolutely
innocent of any violation of the law
because he did not sell a lottery
ticket to Mr. Drake and had not
sold one to any person. He says he
will stand trial in the case and will
prove that he is not guilty as charged
in the indictment.

The indictment against Walker is
based on the alleged sale of a lot-
tery ticket to Elmer Drake, and
charges that for "twenty-five cents
one certain ticket and share in a
certain lottery scheme and gift en-
terprise for the division and distri-
bution by chance of a certain sum
of money, to wit: \$50 in currency
of the value of \$50 in United States
money with the intent to make the
disposal of said sum of money to
depend upon a chance by the names
of two baseball associations printed
upon said ticket and by means
whereof the said sum of money was
to be paid to the holder of one of a
certain large number of tickets is-
sued to divers persons then and
there being which winning ticket
had the names of the two ball teams
in the aforesaid associations to wit:
the American League and the Na-
tional League which on the afore-
said day the two teams aforesaid
totaled the highest score in the
aforesaid associations, to wit: the
American League and the National
League and the aforesaid Elmer
Drake did then and there by winning
the aforesaid lottery ticket in the
aforesaid lottery the sum of \$15 and
of the value of \$15 in United States
money."

The offense in the indictment is
alleged to have occurred on May 12,
1917.

Last year and for several seasons
previous the baseball lottery flour-
ished in Rushville as in other cities
of the state. The grand jury in-
dictment is the first intimation that it
has been operated this year.

BOARD OF REVIEW IS NAMED

G. H. Havens and S. H. Young Ap-
pointed to Act With Officials

George H. Havens and Samuel H.
Young, both of this city, were ap-
pointed as members of the board of
review this morning by Judge
Sparks. Other members of the
board by reason of their offices are
J. O. Williams, treasurer; W. H. Mc-
Millin, auditor and Henry Schrader,
county assessor. The board of re-
view, under the law will meet the
first Monday in June, which falls on
June 4 this year. The board is to be
in session twenty days.

COUNCIL'S TERMS FLATLY REJECTED

Russian Provincial Heads Hold
They Can Not Renounce Prin-
ciples Announced April 9

WHAT COUNCIL INSISTS ON

Foreign Minister Milukoff Resigns,
Which is Expected to Help the
Situation

By WILLIAM G. SHEPHERD
(U. P. Staff Correspondent.)

Petrograd, May 16.—The provin-
cial government today decided to re-
ject the terms under which the
soldiers and workmen's council of-
fered to join the government. The
council's decision on certain matters
of foreign policy was the main de-
mand which duma leaders refused to
approve.

The provincial heads held that
they could not renounce principles
announced on April 9 which was
made necessary by acceptance of
the council's terms. The decision
leaves the whole Russian situation
wide open.

The terms under which the coun-
cil would accept the coalition gov-
ernment were not made public ex-
cept that it was hinted that Foreign
Minister Milukoff must not appear in
the reorganized government.

It appears that the council pos-
sibly insisted on renunciation by the
proposed coalition government of
agreement with the allies. The sol-
diers and workmen's council hereto-
fore demanded the policy of no an-
nexation or indemnities and it is
presumably on this question that
the forces have split.

Foreign Minister Milukoff resigned
his position today. He is the sec-
ond of the duma ministry to resign
within three days, the previous being
the minister of war.

DRAFT BILL DELAYED BY RECOMMITMENT

House Sends Back Senate Confer-
ence Report, Insisting on In-
crease in Soldiers Pay

WANTS \$15 A MONTH ADDED

(By United Press.)

Washington, May 16.—Further de-
lay on the army selective draft bill
was forced today when the house
recommitted the senate conference
report on the bill with instruction to
hold out for higher pay for enlist-
ed men. The vote to recommit was
199 to 177.

The conference report carried a
provision making their pay \$25 a
month. By the amendment the
house conference members are in-
structed to insist on an increase of
\$15 a month for regular army men
now getting less than \$21 a month.

The president is prepared to sign
the measure after the house and
senate put it through. He has pre-
pared a proclamation to the na-
tion, to be issued as he makes the
bill a law by his signature.

LOANS RUSSIA 100 MILLION

U. S. Action Believed Due to Unrest
in New Republic

(By United Press.)

Washington, May 16.—The Unit-
ed States government today loaned
\$100,000,000 to Russia.

The loan came as a surprise. It
is believed the growing unrest in
Russia led this government to give
immediate financial assistance in a
final attempt to bolster up the prov-
incial government.

MOLINE Universal Tractor

**As Powerful as 5 Horses
Does as Much Work as 7 Horses
Costs Less than 4 Horses
Requires Less Care than 1 Horse
Less Room than 1 Horse
Eats Only When it Works**

The Ideal Tractor

No other tractor on the market will do such a great variety of work, nor is as correct in design and construction as the Moline Universal. It makes the horseless farm possible. It pulls the usual 5-horse load—will do as much work as 7 horses, owing to its greater speed and endurance. It can be used for plowing, harrowing, planting, cultivating, haying and harvesting—in fact, all field work, and will deliver 12 horse-power on the belt.

Cut the Cost of Horse Labor

The cost of horse labor is almost one-half the gross operating expense on the average farm. A farm horse averages only 1½ hours work a day through the entire year, and tires in six. It costs from 12 to 14 cents per working hour to maintain a horse, and requires 23 minutes a day to care for him, or fourteen ten-hour days a year.

And yet there isn't enough power to plow as deep as scientific methods require; to harrow more frequently, so that organic matter will be utilized, moisture conserved, and a good state of soil tilth maintained; to cultivate more frequently; and to harvest at the proper time.

Let us tell you how the Moline Universal Tractor can reduce the cost of power on your farm. It will pay you.

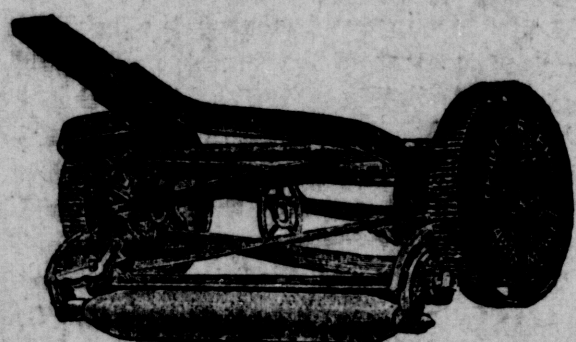

A Real One-Man Outfit

The Moline Universal is easier to handle than a team of horses, weighs about the same, turns in a 16-foot circle and will back with the implement attached. It is compact, simple, close-coupled, a wonderful puller and carries no dead weight. And best of all, it is operated from the seat of the implement attached. This permits one man to operate both tractor and implement.

GOVERNMENT PIER DAMAGED

Four Men Killed in Attempt by Plotters to Destroy Locks

(By United Press.)

Sault Ste. Marie, Mich., May 16.—Four men were killed and three fatally injured here today when an explosion destroyed the government pier, near the Sault Ste. Marie locks. Investigation indicated the explosion was an effort of plotters to destroy the locks, which have been under guard of militiamen for several weeks. The locks, which are vital to the transportation system of the country, were apparently not damaged to any material extent. Millions of tons of ore and grain are sent annually through the canal and the tonnage exceeds that of Suez and the Panama canals. The explosion rocked the entire city. Unused dynamite caps were found near the pier after the explosion.

18-YEAR-OLD BOY ARRESTED

Virgil Wiley is Accused of Assaulting Six-Year-Old Girl

Virgil Wiley, 18, of Milroy was arrested this morning by Deputy Sheriff Sullivan and is held in jail in default of \$1,500 bond, charged with assault and battery with intent to commit a serious crime. The affidavit against Wiley was filed before Prosecutor Stevens by Thurman Arbuckle, also of Milroy, who alleges Wiley assaulted his six-year-old daughter, Viola Arbuckle. Wiley had always borne a good reputation in Milroy and an effort will likely be made there to secure the necessary bond.

Where You Buy For Less

OUR POLICY

Right is right—there is only one truth, only one square way—only one fair margin of profit—one way to serve the public.

We stand for the right—for truth—for the square way of serving the community.

Our buying power, ever increasing, is used to bring you a better quality of merchandise at considerable savings. We take but a small, fair margin of profit for our service. You will find at least seventy-five per cent of our goods are priced far below the wholesale price of today.

Don't pay for your grocer's mistakes, his lack of knowledge of knowing how and when to buy—it is costly.

Think this over and send us a trial order today. Our many satisfied customers will tell you—they get us customers every day.

AMUSE.
The Lyric offers the next chapter of "Pearl of the Army" for the first picture tonight. This is the thirteenth episode of this thrilling serial drama. The second is a drama entitled "The Nymph." The last is a comedy "Adjusting His Claim." Tomorrow the feature drama "The Wasted Years" will be shown in which Crane Wilbur is featured.

Emmy Wehlen, one of the most beautiful and talented young women now appearing in the silent drama, will be seen tonight at the Princess in the drama "The Pretenders." She is surrounded by one of the strongest supporting casts ever obtained by Metro. It is an original story written by Channing Pollock and Rennold Wolf especially for Miss Wehlen. It presents a vivid picture of simple life in a middle west town before a family became wealthy. The theme is handled in a new and refreshing manner.

Florence Turner will be seen at the Gem tonight in the five reel feature "Redeemed." Miss Turner is supported by an all-star cast and it is said to tell a delightful story. There are many big scenes in the production and the acting is said to be exceptionally fine. Tomorrow William Farnum will be seen in the feature "Fires of Conscience."

The Advance in Buggy Prices

has been so rapid that the dealer who waited until spring to buy buggies is compelled to ask you in advance of from \$10.00 to \$15.00 on each job he sells you. He is only asking you a living profit when he does it and is only to blame for not buying his stock before the advances went into effect. Every merchant is entitled to a part of your trade and you in return are entitled to the benefit of such protection as he can give you by buying when market conditions are right. That is the merchant's part of the big game and when he does not give you this protection, he is not entitled to your business.

I can still save you from \$10.00 to \$15.00 on your buggies, but only have about two cars of buggies left, and if you are needing a buggy, now is the time to get busy and buy it. Don't put it off and be compelled to pay more. Use good souyour business.

Senreco
The double-service tooth paste,
keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

Wheatless Meals

"Begin today to eat more corn meal and hominy grits in place of wheat flour and wheat breakfast foods" is the message the U. S. Department of Agriculture is sending out broadcast to housewives. "Try a wheatless breakfast tomorrow and then extend the wheatless idea to other days or meals," the dietary specialists suggest.

To help the public use corn meal as a wheat substitute, the Department has ordered large editions of Farmers' Bulletin 565, "Corn Meal as a Food and Ways of Using It," which will be sent on request to all who apply for it. This bulletin shows that corn meal dishes can be made to take the place of those made of wheat and supplies more than fifty tested recipes for its use for breakfast, luncheon, and dinner.

Corn, a great natural breadstuff of this country, the Department's specialists point out, has not been used for human food nearly as much as its valuable qualities warrant. This is due largely to the fact that many persons with a wheat-using habit never have taken the pains to learn to use corn. There is no important dietetic difference between corn and wheat as sources of body fuel. Bread is convenient as a source of starch and protein but in the ordinary mixed diet it makes little difference whether one gets the required cereal ration in the form of raised or light bread, mixed bread or biscuits, or as mush, hominy grits, or desserts.

To those who wish to try wheatless meals, the Department suggests the following:—

As a substitute for wheat breakfast foods, try white or yellow corn meal or hominy grits, served with cream and sugar, butter, sirup, or fresh or dried fruit.

As a substitute for wheat biscuits, rolls, or toast, the house wife can employ a dozen different forms of corn bread, such as hoe cake, dodgers, soft or spoon corn bread, hominy bread, corn meal and rye Boston brown bread, Zuni Indian bread, etc.

Fried corn meal, fried hominy, or corn meal pancakes made with very little wheat flour, will be found a pleasing variation from wheat cakes.

Corn meal codfish cakes, corn meal scrapple, corn meal croquettes, corn meal or hominy cooked with meat, fish, cheese, eggs or milk, will supply nourishing dishes for the hearty courses.

Hominy grits and coarse hominy (sometimes called samp) may be boiled and used like macaroni or other wheat pastes to serve as side dishes with meat.

For dessert, Indian pudding, corn meal and fig or apple pudding, apple dumplings, corn meal doughnuts, gingerbread, cake, fruit gems, etc., will contribute variety as well as nourishment to the bill of fare.

The housewife who wishes to substitute corn for some but not all of the wheat flour, can make excellent raised or light bread, pancakes, waffles, muffins, rolls, graham-flour Indian bread, etc.

That wheat, rice, rye, barley, oats, corn and potatoes are largely interchangeable as sources of starch

in the diet is made clear in Farmers' Bulletin 808, "How to Select Foods—What The Body Needs."

The "dignity of labor" is appropriate. Let everybody dig.

SUN AN ORANGE COLOR

The peculiar condition of the sun shortly after four o'clock yesterday afternoon attracted the attention of nearly everybody. It looked like a molten mass and its shape was clearly defined, the usual glare of the sun's rays being absent. Clouds could plainly be seen passing between the earth and the sun. Many said it was what was commonly called a sign of the war. Many older persons recalled that such a condition was noted just before the outbreak of the civil war and it was then prophesied that war would come.

Chalmers 7-Passenger Touring Car—Price \$1475 Detroit

Chalmers

Small Enough for Five—Big Enough for Seven

Many cars that are delightful for five are impossible for seven. Yet how often two extra seats would be welcomed. Here you have it. This Chalmers solves the problem.

You have all the compactness, moderate upkeep, and easy handling of a "five", yet with ample room, in comfort, for two additional when needed. Ingeniously designed extra seats slip out of the back of the front seats. They are never in the way. Yet always ready.

Come and see how Chalmers

engineers succeeded where others failed. You will be surprised at the commodiousness of this moderate-sized, moderate-priced car.

Chalmers proved its superiority by winning the officially highest and the officially lowest 24-hour high-gear performance through city traffic. These tests proved Chalmers economy and performance under normal driving conditions. Both tests were officially certified by the Contest Board of the A. A. A.

Come and see the car. Ride in it. Drive it.

HOWEVER

it is well to remember that a "law" or "system" alone does not make a serviceable and secure bank, but that each individual bank must still be considered upon its own merits, its Capital Investment (compared to resources), the character of service rendered and whether it is conservatively and progressively managed.

Will Meet Rushville High School Tomorrow Afternoon at 2:30 at Dagler's Track

NO RELAY RACE ON PROGRAM

The Martinsville high school track team will come here tomorrow for a dual meet with Rushville. The events will be held at the Dagler field and will start promptly at 2:30 o'clock. The Rushville team hopes to even up the score for the defeat at basketball with Martinsville.

There will be ten events on the program and from all indications a close score is expected. There will be no relay race. This event would not count in the score and it was agreed not to include it.

The Rushville team is in good condition since the meet with Shelbyville last Saturday and a large crowd is expected.

BRITISH GAINS CONTINUE

French Also Repulse Attack and Italy's Offensive Moves On

(By United Press.)

London, May 16.—British forces are steadily gaining ground around Bullecourt, Field Marshal Haig reported today.

The Paris war office declared that a tremendous German attack along a front of two and one-half miles had been repulsed, but the battle is continuing. Italy's great offensive is gaining ground. Several thousand prisoners have already been taken, dispatches from Rome stated.

EAT LESS--- IT WILL DO YOU MORE GOOD

FOLLOW YOUR MEAL WITH A LITTLE PEPSINCO—YOUR FOOD WILL SATISFY FOR A LONGER TIME—NONE WILL BE WASTED. IT WILL DO YOU 100 PER CENT GOOD.

It's a mistaken idea that the more you eat the more good it will do you. It's not what you eat; it's what you digest that does you good. Eat less—take Pepsinco and you'll feel better—you'll thoroughly enjoy what you eat and you'll cut your food bill down.

Pepsinco is an aid to nature. It helps weak stomachs. It prevents strong stomachs becoming weak through carelessness in eating. Let Pepsinco digest the meal that you eat in a hurry.

Time is money—Pepsinco is inexpensive. Hundreds have Pepsinco handy for such an exigency. Many suffer after every meal—they don't use Pepsinco. Thousands eat with a relish—they use Pepsinco.

No need for sour stomach, sick headache, indigestion, bloating, heartburn and food distress. Pepsinco must surely be used when your food kicks back; when stomach pains; when you belch up sour stuff; when you get up in the morning with a mean, disagreeable, dark brown taste; when your food does not taste natural; when stomach revolts at the sight of food; when sleep is interrupted with bad dreams; when breathing is heavy from gas pressure. Pepsinco never fails to help in all cases where misery follows a meal.

Thousands today are using Pepsinco, happy in the thought that they have a reliable preparation to fall back on if stomach fails them. All druggists carry Pepsinco in small packages—large enough to show what they are worth. Get a package today, now, at once and not only help your stomach, but also cut your food bill down.

ROBBERS ENTER TWO HOMES

Steal Food From R. L. Tompkins' and J. V. Young's Houses

Robbers, evidently seeking something to eat, visited the homes of Robert L. Tompkins and J. V. Young in East Seventh street last night. At the Tompkins home twenty pounds of lard and two gallons of maple molasses were taken and at the Young home the refrigerator was rifled and some butter and eggs taken. The robbers were not heard at either of the homes and the thefts were not discovered until this morning.

the central headquarters.

Not every patriotic citizen, desirous of contributing his or her bit to the war cause can enlist in the ranks, as an officer or private, as that requires physical efficiency and there is an age limit for military service. But there are no restrictions or limitations on Red Cross membership. The annual fee is only one dollar, and every citizen of Rush county should be on the honor roll. Do not delay, it is urged. The headquarters in West Third street, Rushville, are open daily, and all that is necessary is to write your name in the record and leave your dollar.

Any American citizen who declines to join the Red Cross society because of the membership fee should take an invoice of his patriotism. The membership dues vary from \$1 to \$10 a year. A payment of \$25 at one time makes one a life member and \$100 a patron. The annual, subscribing, contributing and sustaining members pay \$1, \$2, \$5 and \$10 a year, respectively; those paying \$2 and up receiving the illustrated Red Cross Magazine, the monthly publication of the society.

The dispersal meeting of the Research club was held with Mrs. Wilbur Brown, last evening at her home in Milroy. A pitch-in supper was served and then the guests were entertained with a program, which was as follows: vocal solo, Miss Pauline Piper; historian's report, Mrs. Clifford Power; vocal solo, Mrs. Earl Harcourt; piano solo, Mrs. Birney Piper; "America," in chorus; piano solo, Miss Clara Archey. Masses of lilacs and apple blossoms made a pretty setting for the rooms in which the fifty guests enjoyed the evening.

Because of the need of an extra effort to eliminate food waste and to preserve all fruits and vegetables possible this year, the Home Economics club is having very practical programs. There will be a meeting in the assembly room of the court house, Saturday afternoon at 2:30 o'clock. The program will deal with the different methods of preserving fruits and vegetables, and making pickles. There will be bulletins on gardening and canning to distribute to those present and all the women of the county are cordially invited to be present.

Miss Ethel Oakley entertained the members of the B. N. club last evening at her home in North Perkins street. After a social evening, the guests were invited into the dining room, where they enjoyed a course luncheon. The table was beautiful, adorned with sweetpeas and violets.

The twelve members of the 500 club enjoyed a delightful meeting last evening at the home of Mr. and Mrs. Fred Cochran, in West Fourth street. Refreshments were served by the hostess at the conclusion of the evening.

For over five years there has been one brand of tub or wash skirts which will not shrink, and only one—this original pre-shrunk skirt process was invented and is used by The H. Black Company, makers of the famous Wooltex coats and suits.

We have them in a wide range of attractive and wanted materials such as suede cord, linen, pique, gabardine and rep, in stripes, checks and fancy weaves.

You should see how beautifully they fit about the waist and over the hips and how perfectly they hang in the slender, clinging lines of the vogue. Know also that no amount of laundering will change the fit or drape of a single line.

Each skirt is finished with a specially made waist band, that will not curl or soften after washing—so you will never have to bone or wire it.

Just what every woman will want to wear this summer—with a smart sport coat or her charming silk or wool sweater. And they are such exceptional values, selling from \$3.00 to \$10.00.

We get them at an advantageous figure, because they are a between-season product; in that way the Wooltex skirt of tailors is kept together in months when most cloak and suit houses are running less than half time.

Other Wash Skirts \$1.00 to \$2.50

There is usually a greater demand for these exceptional skirts than can be supplied, so the hint is dropped to buy early.

We are eager to have every woman in this vicinity know of the merits of the Wirthmor \$1.00 Waist and the Welworth \$2.00 Waist. Both are sold here exclusively.

FOR SUFFRAGE COMMITTEE

(By United Press.)

Washington, May 16.—President Wilson has written a letter to Chairman Pon of the house committee on committees urging the appointment of a special committee on woman's suffrage. Woman suffrage workers have fought for years for such a body. President Wilson has written at the request of suffrage leaders. The president said he heartily approved of such a committee.

NEUTRAL CONFERENCE

(By United Press.)

Buenos Aires, May 16.—Announcement of an agreement of all Latin-American countries, except Brazil, for a neutral conference, about September 7, was made officially today. The meeting will be held in Buenos Aires. Brazil's non-participation comes about through her abandonment of neutrality in breaking relations with Germany.

TO INCREASE PORK YIELD

(By United Press.)

Vincennes, Ind., May 16.—Dr. N. W. Scott of Vincennes, deputy in the state veterinarian's department, has proposed a plan for increasing the pork yield in Indiana. Scott's plan is to give a hog to each high school pupil who has facilities to care for it. The hog is given on the understanding that the students shall return two young pigs next autumn for the one given it to feed and care for.

BANDITS TERRORIZE TOWN

(By United Press.)

Pittsburg, Pa., May 16.—Auto bandits terrorized the mining village of New Shaft today. Two cars filled with armed men visited the town and ransacked every house. Residents were forced to deliver to the robbers everything of value. Estimates of the loot vary but at least \$1,000 in money and several hundred dollars in valuables were secured.

TRIAL POSTPONED

The trial of Owen Wiggins of Laurel, charged with arson in connection with the attempt to burn the Methodist church property there, which was set for today, was postponed. No reason could be learned as to what caused the postponement. Wiggins is still in the Brookville jail.

CITY COUNCIL ORDERS

BIDS FOR JUNE SIXTH

Continued from Page 1.

clean-up week, the council appointed Dan Spivey as sanitary inspector to work in co-operation with the board of health. Spivey will make a survey of the city, inspecting all premises. His reports will be made to the board of health and prosecutions will follow in cases where the orders of the inspector are not followed. This is the same plan followed in previous years.

Under suspension of the rules an ordinance was passed granting a franchise to J. Harvey Snyder of Fountaintown, to operate a gas well. The ordinance limits his operations to south of First street and west of Main street. This case was heard by the Public Service Commission three months ago and an order was issued to the council to grant Snyder an indeterminate period. The franchise granted last night runs for a period of ten years.

Chief of Police Yakey was granted an increase in salary of \$5 a month, increasing the amount he is to receive from \$70 to \$75.

The council discussed the proposed change in bookkeeping for the clerk's office, recommended by the state board of accounts. The change would mean an expenditure of considerable money and before doing anything definite the council will consult the state board. Under the present system the city can not make a report to the state board as the form of books does not conform with those of the state board and it is a physical impossibility to answer the questions submitted by the board. The city desires to obey the law but does not want to get into something that will require an expenditure of money every time a report is desired.

MRS. LUCINDA PIPER DIES AT SON'S HOME

Widow of Harvey Piper Expires From Effects of Stroke of Paralysis Suffered Recently

ONE SON IS ONLY SURVIVOR

Mrs. Lucinda Piper, 89 years old, widow of the late Harvey Piper, died last evening at five o'clock at the home of her son, Edward Piper, just east of Falmouth. Mrs. Piper had been in ill health for some time and recently suffered a stroke of paralysis, which hastened her death.

Mrs. Piper had lived in the Falmouth community most of her life and was widely known. She is survived by the one son. Since her husband's death a few years ago she had lived with her son. The funeral services will be conducted tomorrow morning at 10:30 o'clock in the Fairview Christian church and burial will take place in the cemetery there.

WOMEN FIGHT FOR HONOR

(By United Press.)

Gary, Ind., May 16.—Women are fighting already over the new suffrage law. Mrs. Nora O'Hara claims she was the first woman in Gary to register. Miss Lorette Bernstein disputes her claim. Mrs. O'Hara wrote the words "first woman to register" after her name, but Miss Bernstein claims the honor on the grounds that she asked to be the first one to register. The registration board will have to decide the fight.

Died of Premature Old Age!

(BY V. M. PIERCE, M. D.)

How many times we hear of comparatively young persons passing away when they should have lived to be 70 or 80 years of age. This fatal work is usually attributed to the kidneys, as, when the kidneys degenerate, it causes auto-intoxication. The more injurious the poisons passing thru the kidneys, the quicker will those noble organs be degenerated, and the sooner they decay.

It is thus the wisest policy, to prevent premature old age and promote long life, to lighten the work of the kidneys. This can be done by drinking plenty of pure water all day long, and occasionally taking a little Anuric (double strength) before meals. This can be obtained at almost any drug store. Anuric will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night.

WELL-KNOWN NEW ALBANY WOMAN SPEAKS.

New Albany, Ind.—"I suffered for a number of years from trouble from which only women suffer. I tried all kinds of medicines and several doctors, but they did me no good. I was in bed at the time. I guess I would have been in my grave now if I had not tried Dr. Pierce's wonderful medicine, Favorite Prescription and Golden Medical Discovery. I took about seven bottles of each and now am well and able to do my housework; can even wash and iron. I certainly cannot say too much for these great medicines, and am glad of the opportunity of expressing my appreciation of them."—*Mrs. JULIA KOEHLER, 44 W. 11th St.*

BAPTISTS OF THE SOUTH IN MEETING

War's Effect Upon Missionary and Educational Activities to be Discussed

MISSIONARIES TO REMAIN

Founding of Theological Seminary Likely to be Considered—To Elect President

(By United Press.)

New Orleans, May 16.—War's effect upon missionary and educational activities occupied the attention of delegates to the annual Southern Baptist convention, which started its sessions here today. Dr. Oliver F. Gregory of Baltimore, one of the secretaries, declared that the recall of missionaries in foreign fields was not contemplated. It is generally understood arrangements must be made to curtail their work.

Consideration of the revision of the constitution and election of missionary boards of the church are other matters before the convention. All Baptist congregations east of Mississippi and south of the Ohio River, including Maryland, District of Columbia and Virginia are represented.

A successor to Rev. Dr. Lansing Burrows, of Americus, Ga., president of the convention, is to be chosen and it is probable there will be other changes among the officers. Dr. Burrows term of office expires by limitation. He has served three years. The secretaries are Rev. Dr. O. F. Gregory of Baltimore who has served in that capacity for 37 years and Rev. H. C. Moore of Raleigh, N. C.

The proceedings of the convention are limited by the laws of the church to missionary and educational subjects. The founding of a theological seminary in the South—the germ of an idea at the last convention—probably will come in for discussion.

Days Pickings

Glen I. Tucker of Indianapolis, who visits here frequently, has been admitted to the officers training camp at Fort Benjamin Harrison, according to word received here.

George Henry, son of Charles L. Henry of the Indianapolis & Cincinnati Traction company, has been accepted and has begun training at the officers camp at Fort Benjamin Harrison.

The Rev. Daniel Ryan, pastor of the M. E. churches at Glenwood and Orange, who underwent an operation for gall stones at the Methodist hospital in Indianapolis yesterday, is doing well and hopes for his recovery are held out.

Mrs. J. D. Case of this city lead discussion of the topic "Service Through Woman's Board of Missions," at the meeting of women held yesterday at Kokomo in connection with the annual convention of the Church of Christ.

The quarterly conference of St. Paul's M. E. church will be held this evening at 7:30 o'clock. The Rev. C. E. Bacon of Connersville, district superintendent, will be present and preside. All members of the quarterly conference are urged to be present.

Mrs. Maggie J. Mohr and two sons of near Rays Crossing, Shelby county will move to Rush county in the near future. They will reside on a farm of 166 acres, a part of the estate of the late Daniel Brown, which they purchased recently from Willard Amos and A. L. Winship.

INSPECTION STARTS MONDAY

Dr. E. I. Wooden, secretary of the city board of health, announced today the inspection of the city by Dan Spivey, special sanitary inspector, would be started next Monday after the people have had ample time this week to clean up their premises. The inspector will report his findings each night to Dr. Wooden who in turn will notify persons whose places are in an unsanitary condition. Those who do not comply with the secretary's orders will be prosecuted.

COUNCIL IN BRIEF

Dan Spivey appointed sanitary inspector to follow up the work of clean-up week.

Two oiling remonstrances sustained and one left with street committee. Bids for oil will be received at special session June 6.

No remonstrances on paving of Third street. Bids ordered advertised for June 6.

Gas franchise granted J. Harvey Snyder, for the operation of his one gas well in West First street.

Chief of police given increase in pay of \$5 a month, making new salary \$75 a month.

Bids for oiling the street will be received by the city council on June 6 at a special session. But three remonstrances were presented to the council last night, two of these being sustained and the third being left with the street committee. The council intends to oil if at all possible. Present indications are that the price of oil will be so high that the council will find it inadvisable to oil.

The first remonstrance on the oiling came from the resident property owners of George street, a street of about two blocks in length. The remonstrance contained the name of every resident property owner on the street and the council granted the remonstrance.

The second remonstrance attempted to cover from Main street east to Sixth street on Seventh street. There were a total of fifteen signers, but there was not a single signer living in the block between Main and Perkins street. The council believed that these residents wanted oil or they would have signed the remonstrance. The remonstrance was left with the street committee. The committee has the power either to order the street oiled or to sustain the remonstrance.

The third remonstrance was for Willow street. The council granted it but at the same time resented the wording of the remonstrance. The remonstrance declared it was, "unlawful, unjust and unfair" to oil the streets under the proposed method and the council looked upon the paper as an insult. "Sounds like we are jail birds," said Councilman Seudder.

Last night was also the time set for hearing remonstrances on the proposed paving of Third street, but none was presented to the council. Bids were ordered advertised for June 6.

RED CROSS WORK
VERY GRATIFYINGCompletion of Organization of
Rushville Chapter Prepares Way
for Membership Campaign

MEETING ON TUESDAY NIGHT

Carthage, Which is Next After
Rushville in Point of Member-
ship, To Hold Meeting Sunday

Interest in Red Cross organization is increasing daily. The completion of the Rushville chapter, and the organization of auxiliary societies in various towns and communities in the county, has resulted in an enrollment of about one thousand members in Rush county. Considering the fact that no systematic, or aggressive campaign for membership has been made, and that the membership so far is largely voluntary, the result is very gratifying.

Details for the first general meeting in the aggressive campaign planned by the committee on membership in the Rushville chapter, are being made for next Tuesday evening, when a mass meeting will be held in the Graham Annex. The speaker on that occasion will be the Rev. Father Francis H. Gavisk, of St. John's church, Indianapolis. Father Gavisk is one of the most eloquent pulpit orators in the state, and his connection with, and experience in the work of charitable and philanthropic societies, qualifies him to speak as an authority on the Red Cross, and its importance as a factor in the campaign for preparedness, and its great value as a war auxiliary.

Since the declaration of war Father Gavisk has delivered a series of addresses on the importance of the work, the general plans and scope of Red Cross activities, especially as they relate to the war. He will bring an interesting and instructive message to the people of Rush county, and everyone interested in the organization, or in the serious questions at issue, should avail themselves of this opportunity of hearing an intelligent, eloquent and instructive discussion of the subject. The program for the meeting will be announced later.

Next to the Rushville chapter, Carthage has secured the largest membership of any of the Red Cross societies in the county, over two hundred members having been enrolled there at the beginning of this week.

A meeting will be held in the Friends Church at Carthage on Sunday afternoon at 2:30 o'clock, for the purpose of arousing interest in the membership campaign.

The meeting will be addressed by Robert E. Mansfield, and Ernest B. Thomas of this city. Arrangements are being made to secure a large attendance, and a material increase in the membership of the society is expected as a result of this meeting.

The membership committee of the Rushville chapter has been made large for the reason that it is the intention to make an aggressive campaign for membership, not only in Rushville, but throughout the county. The large number of members named on this committee made it impractical for the chairman of the chapter to see each one personally to secure consent to serve before announcing the list, but it is presumed that no one will decline to aid in a work so philanthropic in character as the Red Cross. Some of the members of this committee are not yet enrolled as members of the society, but that formality can, and should be, attended to immediately.

The Board of Directors of the Rushville chapter, includes at least one member from each township, and it is planned to have a sub-organization in each township and community in the county, which will

ALSO READY TO RECEIVE SEED

The city committee of the larger food crops organization of the county held a meeting last night and determined on a course of action designed to get more vacant ground in Rushville under cultivation and to give everyone who had land or seed they would donate the opportunity of giving it for the benefit of people without a chance to have a garden at home.

The committee is composed of Mrs. A. L. Stewart, John D. Megee and L. B. Miller. It was announced today that it is the wish of the committee that any person or persons with a city lot, part of a lot or lots willing to donate the use of the lot for the benefit of the movement should notify any member of the committee at once.

A chance is also given anyone who has interest enough in the project to donate seed sweet corn, potatoes or beans. It is pointed out that there are many persons in the city who are willing to put out a garden but have not either the land or the money to invest in seed. Seed to be donated may be left at Megee and Ross' law office in the Miller building in East Second street.

RETIRED BLACKSMITH
OF FAIRVIEW EXPIRESWilliam Higley, Age 83, Who Was
Born in West Baden, Germany,
Dies of Paralysis

FUNERAL FRIDAY AT 2 P. M.

William Higley, 83 years old, a retired blacksmith of Fairview, died this morning at his home there, following an illness from paralysis. He was born in West Baden, Germany, in 1834 and came to this country at an early age. He located in Fairview in 1872 and until a few years ago had been engaged in the blacksmith business there.

Mr. Higley is survived by two sons, John Higley of Fairview and Charles Higley of Newcastle, and four daughters, the Misses Sallie and Lennie Higley of Fairview, and Mrs. Elmer Thomas and Mrs. Frank Huddleson of near Mays. He is also survived by two brothers, John and Charles and two sisters, Mrs. Louise Leffingwell and Mrs. Catherine Wissler, all of Chillicothe, Ohio.

The funeral services will be conducted Friday afternoon at two o'clock in the Fairview church and burial will take place in the church cemetery.

MAYOR QUALIFIES AS
A PROGNOSTICATORSets Clean-Up Week When Moon
"Changes" And Now is a Firm
Believer in The "Signs."

FOR PREDICTIONS, SEE MAYOR

Mayor C. L. Bebout has qualified as a weather prognosticator; there remains no doubt about it now. Since three days of clean-up week have elapsed and the sun has shown brightly every day, little doubt remains but that he holds the championship for weather predicting.

Several weeks ago the city council approved the annual clean-up week and left details to the mayor. They told him he could fix the date any time he pleased. The mayor said that he was going to get a week with a little decent weather in it if such a thing were possible. In past years it has always been Rushville's misfortune to get a week that was decidedly unfavorable to cleaning. The mayor waited, watched the "signs" and decided last Friday that this would be clean-up week. Know why? It was because the moon "changed" Sunday. Now the mayor believes in "signs" as he never did before.

The result is Rushville is getting a thorough cleaning this week. Three city wagons are driving up and down the allies and they are finding plenty of trash to haul away. The street-cleaning force is helping.

JURY CASE FOR TOMORROW

The case of Emma Roland against Rue Ewing, accusing him of being the father of her child, was compromised shortly after noon today, the plaintiff receiving the sum of \$500. Both parties reside near Carthage, Miss Roland living in Hancock county and Ewing in this county. Many farmers were excused from jury service by Judge Sparks. The plaintiff was represented by Prosecuting Attorney Stevens, Douglas Morris and W. E. Russell of Greenfield, and the defendant by Klingler and Smith and Newby and Kewly of Knightstown.

The jury will report tomorrow when the suit of the Ingersoll-Rand Company against the Greely Stone company will open. The jury which heard the case today was composed of the following men: William DeMoss, Thomas F. Power, Samuel Overleese, James P. Archey, John C. Benning, William A. Caldwell, Samuel H. Young, R. F. Seudder, Frank Abercrombie, El Jones, Harvey M. Cowing and Warren P. Elder.

(By United Press.)
Indianapolis, Ind., May 16.—Governor Goodrich and Fire Marshal Friedley started a movement today for a "safe and sane" Fourth of July in Indiana.

The "safe and sane" idea hit Rushville several years ago. There is an ordinance forbidding the sale of fireworks of any kind within the city and providing a heavy penalty for the sale or even storage of fireworks.

The children's parts for the Little Electroek Sunday school's children's day exercises will be ready for distribution Friday evening. They

GRAND JURY HITS
BASEBALL LOTTERYJohn Walker is Indicted for Operat-
ing One and is Released Un-
der a Bond of \$50

OTHER INDICTMENT UNSERVED

Indictment is Based on Alleged Sale
of Lottery Ticket—Walker
Says He's Guiltless

The baseball lottery, an annual pastime making its advent almost regularly with the coming of the baseball season, was struck a blow by the grand jury, which returned an indictment against John Walker, of the Walker and Hosier pool room, charging him with operating a lottery.

Walker was arrested today, thus accounting for one of the two indictments returned by the grand jury. No arrest has yet been made from the other indictment. He was released under \$50 bond. The indictment describes fully the alleged lottery, declaring that chances were sold and the sum of \$50 paid to the winner having the largest number of runs for two teams in the so-called major leagues.

Mr. Walker says he is absolutely innocent of any violation of the law because he did not sell a lottery ticket to Mr. Drake and had not sold one to any person. He says he will stand trial in the case and will prove that he is not guilty as charged in the indictment.

The indictment against Walker is based on the alleged sale of a lottery ticket to Elmer Drake, and charges that for "twenty-five cents one certain ticket and share in a certain lottery scheme and gift enterprise for the division and distribution by chance of a certain sum of money, to wit: \$50 in currency of the value of \$50 in United States money with the intent to make the disposal of said sum of money to depend upon a chance by the names of two baseball associations printed upon said ticket and by means whereof the said sum of money was to be paid to the holder of one of a certain large number of tickets issued to divers persons then and there being which winning ticket had the names of the two ball teams in the aforesaid associations to wit: the American League and the National League, which on the aforesaid day the two teams aforesaid totaled the highest score in the aforesaid associations, to wit: the American League, and the National League and the aforesaid Elmer Drake did then and there by winning the aforesaid lottery ticket in the aforesaid lottery the sum of \$15 and of the value of \$15 in United States money."

The offense in the indictment is alleged to have occurred on May 12, 1917.

Last year, and for several seasons previous the baseball lottery flourished in Rushville as in other cities of the state. The grand jury indictment is the first intimation that it has been operated this year.

COUNCIL'S TERMS
FLATLY REJECTEDRussian Provincial Heads Hold
They Can Not Renounce Prin-
ciples Announced April 9

WHAT COUNCIL INSISTS ON

Foreign Minister Milukoff Resigns,
Which is Expected to Help the
SituationBy WILLIAM G. SHEPHERD
(U. P. Staff Correspondent.)

Petrograd, May 16.—The provincial government today decided to reject the terms under which the soldiers and workmen's council offered to join the government. The council's decision on certain matters of foreign policy was the main demand which duma leaders refused to approve.

The provincial heads held that they could not renounce principles announced on April 9 which was made necessary by acceptance of the council's terms. The decision leaves the whole Russian situation wide open.

The terms under which the council would accept the coalition government were not made public except that it was hinted that Foreign Minister Milukoff must not appear in the reorganized government.

It appears that the council possibly insisted on renunciation by the proposed coalition government of agreement with the allies. The soldiers and workmen's council heretofore demanded the policy of no annexation or indemnities and it is presumably on this question that the forces have split.

Foreign Minister Milukoff resigned his position today. He is the second of the duma ministry to resign within three days, the previous being the minister of war.

ence Report, Insisting on In-
crease in Soldiers Pay

WANTS \$15 A MONTH ADDED

(By United Press.)

Washington, May 16.—Further delay on the army selective draft bill was forced today when the house recommitted the senate conference report on the bill with instruction to hold out for higher pay for enlisted men. The vote to recommit was 199 to 177.

The conference report carried a provision making their pay \$25 a month. By the amendment the house conference members are instructed to insist on an increase of \$15 a month for regular army men now getting less than \$21 a month. The president is prepared to sign the measure after the house and senate put it through. He has prepared a proclamation to the nation, to be issued as he makes the bill a law by his signature.

MOLINE Universal Tractor

**As Powerful as 5 Horses
Does as Much Work as 7 Horses
Costs Less than 4 Horses
Requires Less Care than 1 Horse
Less Room than 1 Horse
Eats Only When it Works**

The Ideal Tractor

No other tractor on the market will do such a great variety of work, nor is it correct in design and construction as the Moline Universal. It makes the horseless farm possible. It pulls the usual horse load—will do as much work as 7 horses, owing to its greater speed and endurance. It can be used for plowing, harrowing, planting, cultivating, haying and harvesting—in fact, all field work, and will deliver 32 horse-power on the belt.

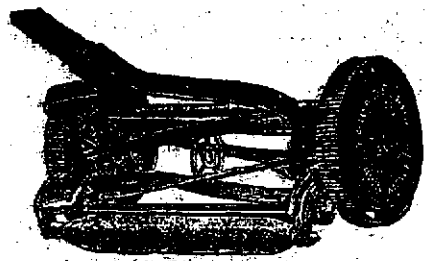

Cut the Cost of Horse Labor

The cost of horse labor is almost one-half the gross operating expense on the average farm. A farm horse averages only 1½ hours work a day through the entire year, and tires in six. It costs from 12 to 14 cents per working hour to maintain a horse, and requires 23 minutes a day to care for him, or fourteen ten-hour days a year.

And yet there isn't enough power to plow as deep as scientific methods require; to harrow more frequently, so that organic matter will be utilized; moisture conserved, and a good state of soil with maintained; to cultivate more frequently; and to harvest at the proper time.

Let us tell you how the Moline Universal Tractor can reduce the cost of power on your farm. It will pay you.

GOVERNMENT PIER DAMAGED**Four Men Killed In Attempt by Plotters to Destroy Locks**

(By United Press.)

Sault Ste. Marie, Mich., May 16.—Four men were killed and three fatally injured here today when an explosion destroyed the government pier, near the Sault Ste. Marie locks. Investigation indicated the explosion was an effort of plotters to destroy the locks, which have been under guard of militiamen for several weeks. The locks, which are vital to the transportation system of the country, were apparently not damaged to any material extent. Millions of tons of ore and grain are sent annually through the canal and the tonnage exceeds that of Suez and the Panama canals. The explosion rocked the entire city. Unused dynamite caps were found near the pier after the explosion.

Crane Wilbur, Star in the Moresley Mutual Masterpicture, De Luxe Edition, "The Wasted Years"

TOMORROW

With this interesting and most unusual introduction the eminent actor, Crane Wilbur in the powerful heart interest drama from his own pen.

"The Wasted Years"

has created a masterpiece for his own interpretation which ranks with the very best efforts of the foremost American dramatists.

The Advance in Buggy Prices

has been so rapid that the dealer who waited until spring to buy buggies is compelled to ask you in advance of from \$10.00 to \$15.00 on each job he sells you. He is only asking you a living profit when he does it and is only to blame for not buying his stock before the advances went into effect.

Every merchant is entitled to a part of your trade and you in return are entitled to the benefit of such protection as he can give you by buying when market conditions are right. That is the merchant's part of the big game and when he does not give you this protection, he is not entitled to your business.

I can still save you from \$10.00 to \$15.00 on your buggies, but only have about two cars of buggies left, and if you are needing a buggy, now is the time to get busy and buy it. Don't put it off and be compelled to pay more. Use good judgment.

Senreco
The double-service tooth paste,

keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

Wheatless Meals

"Begin today to eat more corn meal and hominy grits in place of wheat flour and wheat breakfast foods" is the message the U. S. Department of Agriculture is sending out broadcast to housewives. "Try a wheatless breakfast tomorrow and then extend the wheatless idea to other days or meals," the dietary specialists suggest.

To help the public use corn meal as a wheat substitute, the Department has ordered large editions of Farmers' Bulletin 565, "Corn Meal as a Food and Ways of Using It," which will be sent on request to all who apply for it. This bulletin shows that corn meal dishes can be made to take the place of those made of wheat and supplies more than fifty tested recipes for its use for breakfast, luncheon, and dinner.

Corn, a great natural breadstuff of this country, the Department's specialists point out, has not been used for human food nearly as much as its valuable qualities warrant. This is due largely to the fact that many persons with a wheat-using habit never have taken the pains to learn to use corn. There is no important dietetic difference between corn and wheat as sources of body fuel. Bread is convenient as a source of starch and protein but in the ordinary mixed diet it makes little difference whether one gets the required cereal ration in the form of raised or light bread, mixed bread or biscuits, or as mush, hominy grits, or desserts.

To those who wish to try wheatless meals, the Department suggests the following:—

As a substitute for wheat breakfast foods, try white or yellow corn meal or hominy grits, served with cream and sugar, butter, sirup, or fresh or dried fruit.

As a substitute for wheat biscuits, rolls, or toast, the house wife can employ a dozen different forms of corn bread, such as hoe cake, dodgers, soft or spoon corn bread, hominy bread, corn meal and rye Boston brown bread, Zuni Indian bread, etc.

Fried corn meal, fried hominy, or corn meal pancakes made with very little wheat flour, will be found a pleasing variation from wheat cakes.

Corn meal codfish cakes, corn meal scrapple, corn meal croquettes, corn meal or hominy cooked with meat, fish, cheese, eggs or milk, will supply nourishing dishes for the hearty courses.

Hominy grits and coarse hominy (sometimes called samp) may be boiled and used like macaroni or other wheat pastes to serve as side dishes with meat.

For dessert, Indian pudding, corn meal and fig or apple pudding, apple dumplings, corn meal doughnuts, gingerbread, cake, fruit gems, etc., will contribute variety as well as nourishment to the bill of fare.

The housewife who wishes to substitute corn for some but not all of the wheat flour, can make excellent raised or light bread, pancakes, waffles, muffins, rolls, graham flour Indian bread, etc.

That wheat, rice, rye, barley, corn, and potatoes are valuable

in the diet is made clear in Farmers' Bulletin 808, "How to Select Foods—What The Body Needs."

The "dignity of labor" is appropriate. Let everybody dig.

SUN AN ORANGE COLOR

The peculiar condition of the sun shortly after four o'clock yesterday afternoon attracted the attention of nearly everybody. It looked like a molten mass and its shape was clearly defined, the usual glare of the sun's rays being absent. Clouds could plainly be seen passing between the earth and the sun. Many said it was what was commonly called a sign of the war. Many older persons recalled that such a condition was noted just before the outbreak of the civil war and it was then prophesied that war would come.

Chalmers 7-Passenger Touring Car—Price \$1475-Detroit

Chalmers

Small Enough for Five—Big Enough for Seven

Many cars that are delightful for five are impossible for seven. Yet how often two extra seats would be welcomed. Here you have it. This Chalmers solves the problem.

You have all the compactness, moderate upkeep, and easy handling of a five, yet with ample room, in comfort, for two additional when needed. Ingeniously designed extra seats slip out of the back of the front seats. They are never in the way. Yet always ready.

Come and see how Chalmers

engineers succeeded where others failed. You will be surprised at the commodiousness of this moderate-sized, moderate-priced car.

Chalmers proved its superiority by winning the officially highest and the officially lowest 24-hour high-gear performance through city traffic. These tests proved Chalmers economy and performance under normal driving conditions. Both tests were officially certified by the Contest Board of the A. A. A.

Come and see the car. Ride in it. Drive it.

For the Growing Child

The bread eaten is worth more to the growing child than the meat—if it is good bread. And our bread is good bread. It supplies all the elements necessary to sustain life. Were it not that a change is desirable all other food might be dispensed with. Made from extra quality flour and baked in modern ovens; wholesome, palatable and nourishing.

Nothing causes you greater concern than your child's health. Besides making health-giving bread we insure the child's health by observing cleanliness in our shops to the last degree.

that the "Federal Reserve Act," which is supplementary to the "National Bank Act," and under which the Federal Reserve System of banks is established, is a great benefit to every person and to the Member Banks.

HOWEVER

it is well to remember that a "law" or "system" alone does not make a serviceable and secure bank, but that each individual bank must still be considered upon its own merits, its Capital Investment (compared to resources), the character of service rendered and whether it is conservatively and progressively managed.

THIS BANK

MARTINSVILLE TRACK TEAM HERE TOMORROW

Will Meet Rushville High School Tomorrow Afternoon at 2:30 at Dagler's Track

NO RELAY RACE ON PROGRAM

The Martinsville high school track team will come here tomorrow for a dual meet with Rushville. The events will be held at the Dagler field and will start promptly at 2:30 o'clock. The Rushville team hopes to even up the score for the defeat at basketball with Martinsville.

There will be ten events on the program and from all indications a close score is expected. There will be no relay race. This event would not count in the score and it was agreed not to include it.

The Rushville team is in good condition since the meet with Shelbyville last Saturday and a large crowd is expected.

BRITISH GAINS CONTINUE

French Also Repulse Attack and Italy's Offensive Moves On

(By United Press.) London, May 16.—British forces are steadily gaining ground around Bullecourt, Field Marshal Haig reported today.

The Paris war office declared that a tremendous German attack along a front of two and one-half miles had been repulsed, but the battle is continuing. Italy's great offensive is gaining ground. Several thousand prisoners have already been taken, dispatches from Rome stated.

EAT LESS—IT WILL DO YOU MORE GOOD

FOLLOW YOUR MEAL WITH A LITTLE PEPSINCO—YOUR FOOD WILL SATISFY FOR A LONGER TIME—NONE WILL BE WASTED. IT WILL DO YOU 100 PER CENT. GOOD.

It's a mistaken idea that the more you eat the more good it will do you. It's not what you eat; it's what you digest that does you good. Eat less—take Pepsinco and you'll feel better—you'll thoroughly enjoy what you eat and you'll cut your food bill down.

Pepsinco is an aid to nature. It helps weak stomachs. It prevents strong stomachs becoming weak through carelessness in eating. Let Pepsinco digest the meal that you eat in a hurry.

Time is money—Pepsinco is inexpensive. Hundreds have Pepsinco handy for such an exigency. Many suffer after every meal—they don't use Pepsinco. Thousands eat with a relish—they use Pepsinco.

No need for sour stomach, sick headache, indigestion, bloating, heartburn and food distress. Pepsinco must surely be used when your food kicks back; when stomach pains; when you belch up sour stuff; when you get up in the morning with a mean, disagreeable, dark brown taste; when your food does not taste natural; when stomach revolts at the sight of food; when sleep is interrupted with bad dreams; when breathing is heavy from gas pressure. Pepsinco never fails to help in all cases where misery follows a meal.

Thousands today are using Pepsinco, happy in the thought that they have a reliable preparation to fall back on if stomach fails them. All druggists carry Pepsinco in small packages—large enough to show what they are worth. Get a package today, now, at once and not only help your stomach, but also cut your food bill down.

ROBBERS ENTER TWO HOMES

Steal Food From R. L. Tompkins' and J. V. Young's Houses

Robbers, evidently seeking something to eat, visited the homes of Robert L. Tompkins and J. V. Young in East Seventh street last night. At the Tompkins home twenty pounds of lard and two gallons of maple molasses were taken and at the Young home the refrigerator was rifled and some butter and eggs taken. The robbers were not heard at either of the homes and the thefts were not discovered until this morning.

the central headquarters.

Not every patriotic citizen, desirous of contributing his or her bit to the war cause can enlist in the ranks, as an officer or private, as that requires physical efficiency and there is an age limit for military service. But there are no restrictions or limitations on Red Cross membership. The annual fee is only one dollar, and every citizen of Rush county should be on the honor roll. Do not delay, it is urged. The headquarters in West Third street, Rushville, are open daily, and all that is necessary is to write your name in the record and leave your dollar.

Any American citizen who declines to join the Red Cross society because of the membership fee should take an invoice of his patriotism. The membership dues vary from \$1 to \$10 a year. A payment of \$25 at one time makes one a life member and \$100 a patron. The annual, subscribing, contributing and sustaining members pay \$1, \$2, \$5 and \$10 a year, respectively; those paying \$2 and up receiving the illustrated Red Cross Magazine, the monthly publication of the society.

The Bethany Phi class of the Hannigan Sunday school gave a miscellaneous shower, last evening for Mr. and Mrs. Chester Addison, at their home near Henderson. They were the recipients of many nice and useful presents. After the social evening, dainty refreshments were served.

Mrs. Alex Innis entertained twelve members of the Embroidery club, yesterday afternoon at the regular meeting, at her home in Milroy. The pleasant hours were interspersed with fancywork and sewing and the hostess served a splendid luncheon.

The dispersal meeting of the Research club was held with Mrs. Wilbur Brown, last evening at her home in Milroy. A pitch-in supper was served and then the guests were entertained with a program, which was as follows: vocal solo, Miss Pauline Piper; historian's report, Mrs. Clifford Power; vocal solo, Mrs. Earl Harcourt; piano solo, Mrs. Birney Piper; "America," in chorus; piano solo, Miss Clara Archey. Masses of lilacs and apple blossoms made a pretty setting for the rooms in which the fifty guests enjoyed the evening.

Because of the need of an extra effort to eliminate food waste and to preserve all fruits and vegetables possible this year, the Home Economics club is having very practical programs. There will be a meeting in the assembly room of the court house, Saturday afternoon at 2:30 o'clock. The program will deal with the different methods of preserving fruits and vegetables, and making pickles. There will be bulletins on gardening and canning to distribute to those present and all the women of the county are cordially invited to be present.

Miss Ethel Oakley entertained the members of the B. N. club last evening at her home in North Perkins street. After a social evening, the guests were invited into the dining room, where they enjoyed a course luncheon. The table was beautiful, adorned with sweetpeas and violets.

The twelve members of the 500 club enjoyed a delightful meeting last evening at the home of Mr. and Mrs. Fred Cochran, in West Fourth street. Refreshments were served by the hostess at the conclusion of the evening.

The members of the Psi Iota Xi are requested to bring their money for the Helicon, at the regular meeting this evening with Miss Hannah Morris.

The Friday Afternoon Embroidery club will meet with Mrs. Walter Hubbard, Friday afternoon, instead of with Miss Bertha Helm.

The Franchise League, will meet in the D. A. R. room of the court house, Friday afternoon at 4:00 o'clock.

Vincennes, Ind., May 16.—Dr. N. W. Scott of Vincennes, deputy in the state veterinarian's department, has proposed a plan for increasing the pork yield in Indiana. Scott's plan is to give a hog to each high school pupil who has facilities to care for it. The hog is given on the understanding that the students shall return two young pigs next autumn for the one given it to feed and care for.

BANDITS TERRORIZE TOWN

(By United Press.)
Pittsburg, Pa., May 16.—Auto bandits terrorized the mining village of New Shaft today. Two cars filled with armed men visited the town and ransacked every house. Residents were forced to deliver to the robbers everything of value. Estimates of the loot vary but at least \$1,000 in money and several hundred dollars in valuables were secured.

If you want a wash skirt that has style, you also want one Which will not shrink.

For over five years there has been one brand of tub or wash skirts which will not shrink, and only one—this original pre-shrunk skirt process was invented and is used by The H. Black Company, makers of the famous Wooltex coats and suits.

We have them in a wide range of attractive and wanted materials such as suede cord, linen, pique, gabardine and rep, in stripes, checks and fancy weaves.

You should see how beautifully they fit about the waist and over the hips and how perfectly they hang in the slender, clinging lines of the vogue. Know also that no amount of laundering will change the fit or drape of a single line.

Each skirt is finished with a specially made waist band, that will not curl or soften after washing—so you will never have to bone or wire it.

CITY COUNCIL ORDERS BIDS FOR JUNE SIXTH

Continued from Page 1.

clean-up week, the council appointed Dan Spivey as sanitary inspector to work in co-operation with the board of health. Spivey will make a survey of the city, inspecting all premises. His reports will be made to the board of health and prosecutions will follow in cases where the orders of the inspector are not followed. This is the same plan followed in previous years.

Under suspension of the rules, an ordinance was passed granting a franchise to J. Harvey Snyder of Fountaintown, to operate a gas well. The ordinance limits his operations to south of First street and west of Main street. This case was heard by the Public Service Commission three months ago and an order was issued to the council to grant Snyder an indeterminate period. The franchise granted last night runs for a period of ten years.

Chief of Police Yahey was granted an increase in salary of \$5 a month, increasing the amount he is to receive from \$70 to \$75.

The council discussed the proposed change in bookkeeping for the clerk's office, recommended by the state board of accounts. The change would mean an expenditure of considerable money and before doing anything definite the council will consult the state board. Under the present system the city can not make a report to the state board as the form of books does not conform with those of the state board and it is a physical impossibility to answer the questions submitted by the board. The city desires to obey the law but does not want to get into something that will require an expenditure of money every time a report is desired.

MRS. LUCINDA PIPER DIES AT SON'S HOME

Widow of Harvey Piper Expires From Effects of Stroke of Paralysis Suffered Recently

ONE SON IS ONLY SURVIVOR

Mrs. Lucinda Piper, 89 years old, widow of the late Harvey Piper, died last evening at five o'clock at the home of her son, Edward Piper, just east of Falmouth. Mrs. Piper had been in ill health for some time and recently suffered a stroke of paralysis, which hastened her death.

Mrs. Piper had lived in the Falmouth community most of her life and was widely known. She is survived by the one son. Since her husband's death a few years ago she had lived with her son. The funeral services will be conducted tomorrow morning at 10:30 o'clock in the Fairview Christian church and burial will take place in the cemetery there.

WOMEN FIGHT FOR HONOR

(By United Press.)

Gary, Ind., May 16.—Women are fighting already over the new suffrage law. Mrs. Nora O'Hara claims she was the first woman in Gary to register. Miss Lorette Bernstein disputes her claim. Mrs. O'Hara wrote the words "first woman to register" after her name, but Miss Bernstein claims the honor on the grounds that she asked to be the first one to register. The registration board will have to decide the fight.

Died of Premature Old Age!

(BY V. M. FIERCE, M. D.)

How many times we hear of comparatively young persons passing away when they should have lived to be 70 or 80 years of age. This fatal work is usually attributed to the kidneys, as, when the kidneys degenerate, it causes auto-intoxication. The more injurious the poisons passing thru the kidneys, the quicker will those noble organs be degenerated, and the sooner they decay.

It is thus the wisest policy, to prevent premature old age and promote long life, to lighten the work of the kidneys. This can be done by drinking plenty of pure water all day long, and occasionally taking a little Anuric (double strength) before meals. This can be obtained at almost any drug store. Anuric will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night.

WELL-KNOWN NEW ALBANY WOMAN SPEAKS.

New Albany, Ind.—"I suffered for a number of years from trouble from which only women suffer. I tried all kinds of medicines and several doctors, but they did me no good. I was in bed at the time. I guess I would have been in my grave now if I had not tried Dr. Pierce's

wonderful medicines, Favorite Prescription and Golden Medical Discovery. I took about seven bottles of each and now am well and able to do my housework; can even wash and iron. I certainly cannot say too much for these great medicines, and am glad of the opportunity of expressing my appreciation of them."—MRS. JULIA KOEHLER, 44 W. 11th St.

BAPTISTS OF THE SOUTH IN MEETING

War's Effect Upon Missionary and Educational Activities to be Discussed

MISSIONARIES TO REMAIN

Founding of Theological Seminary Likely to be Considered—To Elect President

(By United Press.)

New Orleans, May 16.—War's effect upon missionary and educational activities occupied the attention of delegates to the annual Southern Baptist convention, which started its sessions here today. Dr. Oliver F. Gregory of Baltimore, one of the secretaries, declared that the recall of missionaries in foreign fields was not contemplated. It is generally understood arrangements must be made to curtail their work.

Consideration of the revision of the constitution and election of missionary boards of the church are other matters before the convention. All Baptist congregations east of Mississippi and south of the Ohio River, including Maryland, District of Columbia and Virginia are represented.

A successor to Rev. Dr. Lansing Burrows, of Americus, Ga., president of the convention, is to be chosen and it is probable there will be other changes among the officers. Dr. Burrows term of office expires by limitation. He has served three years. The secretaries are Rev. Dr. O. F. Gregory of Baltimore who has served in that capacity for 37 years and Rev. H. C. Moore of Raleigh, N. C.

The proceedings of the convention are limited by the laws of the church to missionary and educational subjects. The founding of a theological seminary in the South—the germ of an idea at the last convention—probably will come in for discussion.

Days Pickings

Glen I. Tucker of Indianapolis, who visits here frequently, has been admitted to the officers training camp at Fort Benjamin Harrison, according to word received here.

George Henry, son of Charles L. Henry of the Indianapolis & Cincinnati Traction company, has been accepted and has begun training at the officers camp at Fort Benjamin Harrison.

The Rev. Daniel Ryan, pastor of the M. E. churches at Glenwood and Orange, who underwent an operation for gall stones at the Methodist hospital in Indianapolis yesterday, is doing well and hopes for his recovery are held out.

Mrs. J. D. Case of this city lead discussion of the topic "Service Through Woman's Board of Missions," at the meeting of women held yesterday at Kokomo in connection with the annual convention of the Church of Christ.

The quarterly conference of St. Paul's M. E. church will be held this evening at 7:30 o'clock. The Rev. C. E. Bacon of Connorsville, district superintendent, will be present and preside. All members of the quarterly conference are urged to be present.

Mrs. Maggie J. Mohr and two sons of near Rays Crossing, Shelby county will move to Rush county in the near future. They will reside on a farm of 166 acres, a part of the estate of the late Daniel Brown, which they purchased recently from Willard Amos and A. L. Winship.

INSPECTION STARTS MONDAY

Dr. E. I. Wooden, secretary of the city board of health, announced today the inspection of the city by Dan Spirey, special sanitary inspector, would be started next Monday after the people have had ample time this week to clean up their premises. The inspector will report his findings each night to Dr. Wooden, who in turn will notify persons whose places are in sanitary condition. Those who do not comply with the requirements
